Comparable Grade List

The enclosed document details a list of competitor grades against comparable Chevron products. Variations in lubricant specifications and approvals may exist between the comparable grades sited.

Please note that competitor specifications and approvals are subject to change at any time and therefore the use of this Comparable Grade List is at the users own risk.

Where possible, it is advisable to provide a lubricant recommendation based on application.

The Comparable Grade List does not contain details on Metal Working, Mould Release or Gas Engine Oil grades.
